## Owl Boxes

**Red Cedar Barn**

An extra shelf is now available with all boxes at an additional charge. This shelf allows extra room for the owl to land and feed youngsters also a place where the young owls can come out and see the world before they leave the nest.

**Dark Brown Barn Owl Box with shelf**

**Forest Green Tawny**

The Barn Owl box is a triangular shape, the shelf in front of the entrance hole allows the barn owl to land and eat. An access hole is provided for cleaning and checking on young. It also has a perch on top for the owl to hunt from. The boxes are made from 9mm exterior plywood painted with water based wood preserver and the roofs are covered with roofing felt.

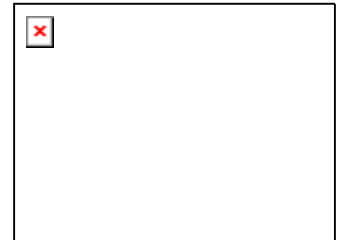

**Forest Green Barn**

The size of the Barn Owl Nest Box is  
610mm (24") High x 610mm (24") Wide  
250mm (10") deep with a 100+160mm (4+6.4") Hole

The Tawny Owl box is set at an angle; it has a letter box opening with a perch for the owl to land on and hunt from at the apex of the box. There is an access hole at the front allowing for cleaning
